

THE
HOSTESS
STATION

C A T A L O G

About Us

The Hostess Station specializes in crafting host stands and stations built to withstand the demanding standards of the restaurant and bar industry.

Our products help businesses maintain organized, welcoming greeting areas. We proudly serve a diverse range of clients, including bars, restaurants, wineries, business complexes, breweries, and hotels nationwide.

We design our host/hostess equipment based on customer feedback and years of design & manufacturing experience.

We offer full customer support for every product and are committed to innovation and quality in everything we do.

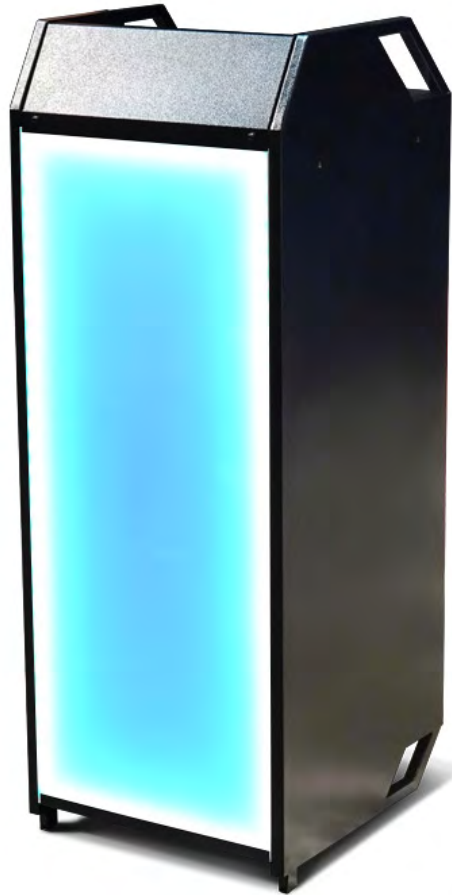

We look forward to helping you!

LED Sign

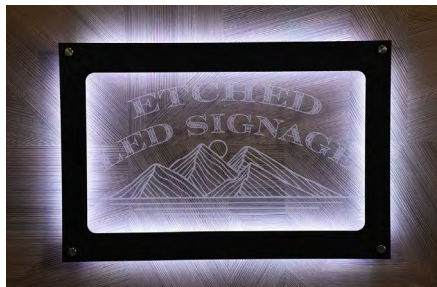

Add an LED backlit sign to your Deluxe or Team Hostess Stand

Our LED signs are comprised of clear acrylic with three types of design application: Laser-cut laminate, Etched acrylic, and Printed acrylic. The design application will ultimately be determined by the complexity of the logo provided.

Laser-cut laminate

Best for simple designs with thicker linework in one or two colors.

Etched acrylic

Best for more complex logos with fine linework – can be mixed with laser-cut portions to increase visibility and add visual interest.

Printed acrylic

Best for multicolored logos and use with or without LEDs.

The strong, professional look of the custom LED backlit sign is enhanced when the sign is mounted to your Team Hostess Stand with 1.5" silver stand-offs. The look is completed with remote-controlled, color-changing LED lighting that creates a "halo" effect on your sign.

The LED kit is powered by a rechargeable cordless battery system with an 8-hour charge cycle. If you need to light up the station for longer than 8 hours, it can be plugged directly into an electrical outlet. The LED kit also comes with a remote operated controller which has multiple speed, brightness, and color settings.

LED Kit includes

- 8 Color options: Red, Orange, Yellow, Blue, Cyan, Purple, White Green
- LED strips with multiple color options
- Sealed, 8 hour rechargeable battery w/ power supply
- Easy-to-use controller and remote

Don't want it backlit? Ask us for pricing on a sign without LEDs.

Accessories

Foam Insulated Box

The insulated box provides a durable and lightweight way to keep to-go orders hot or cold. It is made of rugged EPP foam, a lightweight material that's resistant to heat and chemicals. The box will keep food within several degrees of its starting temperature for several hours.

- Holds hot food within 10 degrees of its starting point for up to 4 hours
- Holds cold food within 20 degrees of its starting point for up to 4 hours
- EPP foam construction makes this box lightweight and resistant to heat, grease, and chemicals

Sneeze Guards

Protect the Public and Keep Your Employees Safe

Protect employees and customers with acrylic countertop shields from The Hostess Station. These social distancing barriers – also called sneeze guards – add .22” of protection from harmful airborne particles. Countertop shields are especially important as businesses begin to reopen after Covid-19 closures. Our new sneeze guards extend each hostess stand to a total height of 6’ and are up to 45” wide depending on the model.

The Hostess Station sneeze guards come ready to use with pre-installed magnets.

Deluxe Hostess Stands

MANUFACTURER'S WARRANTY

Reliable equipment. 100% Guaranteed.

It's our mission at The Hostess Station to constantly seek out new ways to provide value for you, our customer.

When we asked ourselves how we could do a better job of that, we realized that nothing would go farther than offering you a three-year warranty on all of our Hostess Stations and restaurant equipment.

It ensures we're holding ourselves to the highest standards throughout the design and manufacturing process.

More importantly, it gives you the peace of mind that you're buying products of superior quality, design, and craftsmanship.

The Hostess Station will replace any broken part or product resulting from a defect in workmanship within three years of purchase.*
